John Aquilino and Andrew Sovjani

Opening March 21st

A VISUAL DIALOGUE

This new exhibition represents a visual dialogue exploring the linear relationships between the urban landscape and structural still life. Both artists engage the audience with a deceptive simplicity in the representation of space in two dimensions, combining realistic and abstract elements to form a nuanced creative composition.

John Aquilino, Sunlight on the Roof 50x22

Andrew Sovjani, Mondrian's Bookshelf 50 x 58
